DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

The claims still contain non-elected subject matter. According to the terms of the restriction, R3 = R4 = G2 = H; G1 = a substituted or unsubstituted hydrocarbyl group of 1-20 carbons; and X = OH. R3 has been deleted, and X has been constrained to OH, but the other variables have not been amended. In addition, Y as defined in cancelled claim 22 must be present for the claims to be allowable.

Non-elected claims must be cancelled before the remaining claims can be passed to issue.

The specification should be amended to state that the parent, 10/001,029, is abandoned.

2. As applicant did not point out any alleged errors in the restriction requirement, it is being treated as a restriction without traverse. The restriction requirement is made FINAL.

3. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
